

SKIN CHANGING NIGHT 50ml

Caviar Night Cream

Its texture is occlusive and suitable for mature skin.

Caviar (2.4%): (highly concentrated) The antioxidants contained in caviar nourish the skin and have a powerful firming effect.

Squalane (2.5%): (highly concentrated) Derived from olive oil, its lipid structure is very close to the skin's, which nourishes it by providing softness and comfort.

Cucumber extract: It has a decongestant power that smoothes skin to not be puffed up when waking up.

Hyaluronic acid : A biological polysaccharide which has the properties of capturing water and fighting against free radicals to protect skin cells, which delays aging signs and has a powerful anti-wrinkle effect.

Contains **anti-aging peptides** made up of 4 amino acids known to boost collagen production

Nourishing oil duo : almond and apricot kernel. Soft and rich in fatty acids, they nourish the skin without weighing it down for a glow upon waking up.

Aloe Vera : a complete plant that has a tightening effect, widely known for its benefits on the skin

Vitamin E (tocopherol): Biological antioxidant that strengthens cell membranes and red blood cells. It prevents vitamin A and essential fatty acids from oxidation. It fights against free radicals. Being liposoluble, it finds its way within the phospholipid membrane and acts in the hydrophobic phase.
